Career Objective

A detail-oriented and passionate Computer Science Engineering graduate looking to leverage strong foundation in software development and problem-solving skills. Eager to join a dynamic team where I can apply my technical knowledge and contribute meaningfully to real-world projects while learning and growing within the organization.

Personal Details

Date of Birth: 28-01-2005
Gender: Male
Address: Visakhapatnam, Andhra Pradesh, 530016
Nationality: Indian

Education

Degree	Institution	Year	CGPA/Percentage
B.Tech in Computer Science	Raghu Engineering College	2022–2026	7 CGPA
Intermediate (MPC)	Sri Chaitanya Jr college	2020–2022	56%
SSC	Sri Prakash Vidyaniketan	2020	74%

Technical Skills

- Programming: Python, C++, C
- Web Development: HTML, CSS, JavaScript (Basics)
- Database: MySQL (Basics)
- Tools & Platforms: VS Code, Git , Git hub

-Others: Basic knowledge of Data Structures, Algorithms, Networking, and Software

Engineering

Projects

1.Trip Craft – AI Travel Recommendation System : Developed a machine learning-based travel recommendation system using KNN to deliver personalized destination suggestions with real-time weather and route insights.

Built using Python, Streamlit, Pandas, NumPy, Scikit-learn, REST APIs, and LLM (NLP chatbot) for interactive and intelligent travel planning.

2. Student Login & Registration Web App

Technologies used: JSP, Servlets, AJAX, MySQL

- Developed a responsive web application for user authentication and session management.
- Used AJAX to validate login credentials without refreshing the page.

3. Restaurant Booking Website: Develop a user-friendly platform for restaurant

reservations. Skills: CRUD operations, database design, and user experience (UX)

design

Certifications

-AWS Cloud Practitioner Essentials – Canvas (2024). Gained foundational knowledge of AWS cloud

concepts, core services, and global infrastructure.

-Data analytics basics for everyone – edx (2024). Introduced to key concepts of data analytics and

visualization techniques. Developed skills in interpreting datasets and making data-driven decisions.

-Joy of Computing with Python by IIT MUMBAI – NPTEL(2024)

-SQL-Basics(standard) – Skill Rack(2025). Learned the essentials of relational databases and structured query language (SQL). Practiced creating, retrieving, and managing data effectively using SQL commands

Internships / Training

-Python Intern – Octanet (03/2025 - 05/2025)

-Web Development Intern – Elevate Labs (10/2025)
